CLEANING CERTIFICATE VALIDITY

Please note that our standard process requires a truck cleaning certificate not older than 72hr upon prior to loading at Olenex. However, for the situations mentioned in the Olenex (bank) holiday overview, we accept concessions to accommodate for the extended weekends and closure of truck cleaning stations when the 72hrs cannot be met. In these cases, cleaning is allowed on the last working day before the National Holiday, provided that upon inspection at Olenex the truck is clean, dry, free of smell / odour and has been sealed after cleaning. Olenex holds the rights to refuse a truck if these conditions are not respected.
